for the forests of the Ogove River.

N. A. 1882-1883

M. B. K., Binder and Publisher -

Kangwe N. A. Mar. 1882-

"The groves were God's first-temples. Ere man learned
To hew the shaft and lay the architrave,
And spread the roof above them - ere he framed
The lofty vault, to gather and roll back
The sounds of anthems; in the darkling wood,
Amidst the cool and silence, he knelt down,
And offered to the Mightiest solemn thanks
and supplication." Bryant -

The Prayer —

"Father, thy hand
Hath reared these venerable columns, thou
Didst weave this verdant roof. — These dim vaults
These winding aisles, of human pride
Report not. No fantastic carvings show
The boast of our vain race to change the form
Of thy fair works.

But thou art here — thou fillest
The solitude. +++ Here is continual worship; nature here
In the tranquillity that thou dost love,
Enjoys the presence. +++ Thou hast not left
Thyself without a witness, in these shades,
Of thy perfections. Grandeur, strength and grace
Are here to speak of thee. —

My heart is awed within me when I think
Of the great miracle that still goes on,

In silence, round me - the perpetual work
Of the creation, finished, yet renewed
Forever. Written on thy works I read
The lesson of thy own eternity." Be it - ours to meditate
In these calm shades, thy milder majesty,
And in the beautiful order of thy works
Learn to conform the order of our lives."

My precious Husband-

I just thot I would give you something more to read, so put this in. Have no more news just now to write as it was all put in the other letter. This is only a presentation of the "diary" to the Ogowè River Pioneer Missionary.

Again hoping that the heat aches to be recorded may be few, and when occurring bringing to you in the end some good, and that the successes may be many and the peace always present and exceeding deep.

Went up the hill with Mangoya, & found Idoia Talatea busy on the Taro; tore up some of the Taro, he was stealing, & came back excited.
